## Testimonials

You promised a "high quality, developmentally appropriate program, with individual interaction between the children & staff in a warm, caring environment"— and you delivered!

*Regina Hammond*

My son has been at Clayton Child Center for three years. He is now 4 years old. His success and happiness at school is the result of the environment, love and education that he has received. I know my son will never experience anything close to what he has been so fortunate to have had from the infant Toddler and Preschool teachers!

*Sarah Johnson*

I have had all three of my children attend CCC because the teachers appreciate the individuality of each child, and in a very loving way, guide them into their best expression of who they truly are. Thank you CCC!!!

*Jilanne Barnes*

We have confidence in the care our child receives every day! We feel very fortunate that our son is in such a positive and loving school with knowledgeable and caring teachers!
